## to Gold Canyon RV and Golf Resort

To all our newcomers, a heartfelt "Howdy Neighbor!"

... and to all those returning for another season, welcome back! We are pleased you have decided to spend the best years of your life with us and your fellow retirees. This is "Summer Camp" for the baby boomer generation. With all the amenities and activities we offer, you will find yourselves busy making new friends and reacquainting with old ones. Our "sandbox" has room for everyone and you will be hard pressed to find yourself idle and bored.

As soon as you pass through the entrance gates, there is only one thing you can say ... "Toto we are not in Kansas anymore!" Luscious manicured greens offset the beautifully stark desert landscape. The spaces are generous and professionally maintained. Our Activities Director and our staff have one goal in mind ... to make your stay with us as unforgettable, whether you seek the quiet serenity of our many parks and trails or the hustle and bustle of sharing in community activities, we aim to provide something for everyone. Here you can exchange your snow blower for golf clubs, trade in your heavy wool coat for your favorite Hawaiian shirt/dress to attend one of our many dances, while others take off their gloves to play a few hands of bridge. How about water aerobics (yes, outside) instead of scraping ice off your windshield?

Our recreation centers offer a variety of activities that should satisfy any interest, and if not, by all means let us know and we see that it will be made available. The latest exercise equipment, new saunas and showers will thrill some of you while others will fall in love with our hot tub where they can soak while watching the sun set or count the stars. We feature a library that includes books, magazines and movies. The staff at our computer learning center will be more than happy to usher you into the cyber age, and wi-fi is available throughout the resort.

We are conveniently located outside of metro Phoenix, and it only takes minutes to venture into town for dinner, entertaining, or just exploring. Our Activity staff will be on hand to assist you in planning day trips to the surrounding areas and the many sites (historic or otherwise) that are unique to Arizona. You can explore the heart stopping splendor of the Grand Canyon, the untamed wilderness of the Sonoran Desert, or even try your luck at one of the local casinos. Stop by the office and let us help you fall in love with Arizona.

Regardless of your interests and reason for choosing our community, it is our goal that your stay with us will turn into time well spent and memories you will want to share with your friends ... and them come back for more next season. To be part of your fondest memories is what we strive for.

## A brief history – a vision – determination - success

In 1965 R. C. Roberts fulfilled his lifelong dream by starting his family business. With hard work and high standards we have grown from one resort to three; and we are not stopping here; each one of the resorts representing the same high standards in hospitality, professionalism and integrity as the first one. Your comfort and lifestyle is important us and therefore the center of our mission to help you retire in the style and manner you worked so hard for.

Because our resorts are family owned and managed, we feel confident that we are able to assist you in experiencing the retirement you deserve and desire. Our professional and friendly staff strives to turn your stay with us into a long-term relationship. These goals are the heart of the tradition that inspires the Roberts family to continually provide the most enjoyable environment for you.

R. C. Roberts vision is very much a family affair, continued on by his wife and children. They own, develop and manage resorts such as Pueblo El Mirage, Gold Canyon and Sunrise Resort. Professionalism and their dedication to building long-term relationships has resulted in communities that have become extended family.

“I like being out in the country. It’s peaceful and quiet and we can see the stars at night, hear the coyotes howl and watch the owns nest.”  
*Shirley Hill*

“I’m so busy here that when I return home, I need to rest up for a month.”  
*Sue Damon*

“If we had not come here, we’d be sitting at home in our rocking chairs and getting old.”
