Our Mission

We provide caring communities to responsible residents across America. This means that we put our residents at the heart of all our actions.

Living in a Havenpark Community

There is nothing better than the feeling of coming home to a community you love. Everyone deserves a place they are excited to call home, and our goal is to provide that for our residents.

We believe a caring community is so much more than a place you live. It's having friendly neighbors, courteous staff, and a home you are proud to call your own.

"Growing up in a mobile home park allowed me to realize the incredible potential for both the community and its residents. Helping others achieve their goals has been my life mission, and I strive to make sure every Havenpark community provides its residents with a promising future."

-Co-Founder, Havenpark Communities
